

```
1  /*jshint esversion: 6*/
2
3  setTimeout(function () {
4      let messages = document.getElementById('msg');
5      let alert = new bootstrap.Alert(messages);
6      alert.close();
7      }, 3500);
```

version 2.13.4
There is only one fun
(https://github.com/jshint/j
It takes no arguments
